INDIAN COUNCIL OF  
MEDICAL RESEARCH

**NIOH**  
NATIONAL INSTITUTE OF  
OCCUPATIONAL HEALTH

# 3 day national workshop on training of health care personnel on occupational health and safety

Organized by ICMR-NIOH and supported by GSBTM & DST

**December 15 – 17<sup>th</sup>, 2021** (Exclusively for medical professionals)

Occupational health and safety has received very less importance in Indian workplaces as well in health care centers. Factors such as low awareness on occupational health and diseases, reliable methods for diagnosis, insufficient health experts, fewer training programs and organizing institutes are responsible for the inadequate attention towards occupational health and safety. Current program is directed towards training the manpower in the field of occupational health and safety.

The workshop has salient features

1. Hands on training
2. Training by national & international experts in the field of occupational health and safety
3. Exclusive for medical professionals
4. Limited participants (20)

Course contents:

Basics of occupational health and safety for medical graduates

Diagnosis and management of common occupational diseases

Concepts of occupational safety and prevention (industrial Hygiene)

Hands on experience / training sessions

Deadline for registration: Nov 15, 2021

Please complete the registration form (Google form) and upload the supporting documents (verifying your educational / employment status) along with MCI / state registration certificate (in pdf format only). Final list of candidates will be listed in the institute website (the right to choose the final list of candidates is reserved with the institute and organizers) during 3<sup>rd</sup> week of November 2021 at institute website.

(<http://www.nioh.org/dissemination/events.html>)
